

My Musical World (Babies, Toddlers, Mixed Age)

My Musical World is based on our [Family Music for Babies](#) curricula and is appropriate for babies with adult caregiver, although it also has enough diverse material that it can be adapted for use with toddlers (ages 1.5 – 3.5) or mixed age groups (birth – age 5).

The recording has wonderful bouncing songs, movement activities, plenty of dancing, plus calming rocking songs. There are 8 lessons suggestion planned for approximately 30 minutes, with enough flexibility to give the teacher enough variety to meet needs of her class. This is perfect for a summer session or any short session during the school year.
