### What Do You Hear? (Toddlers or Mixed Ages)

Did you hear that? I did. *What Do You Hear?*, part of our [Family Music for Toddlers](#) curricula, will capture little ones attention with a variety of music and sounds. Children and parents alike will love the variety of music. There are familiar songs like Comin' Round the Mountain, plus sign about a train, listen to the sound of a real steam engine and go for a fun ride on a Merry-Go-Round.

There are 8 structured lessons for children about 15 months to 4 years and caregiver that last 30 to 45 minutes, but have plenty of flexibility and adaptations. Perfect for summer sessions or short sessions during the school year.
